

## Susan (Elizabeth) Werner Kieffer

- Birth** November 17, 1942, Warren, Pennsylvania, U.S.A.
- Contact Information** Department of Geology *Voice:* (217) 244-6206  
University of Illinois at Urbana–Champaign *Fax:* none  
156 Computer Application Building *E-mail:* slkieffer@gmail.com  
605 East Springfield Avenue  
Champaign, IL 61820 USA
- Position** Professor Emerita Center for Advanced Study Professor of Geology and Physics, and Walgreen University Chair,
- Education** Ph.D., California Institute of Technology, Pasadena, California; planetary sciences; 1971.  
M.S., California Institute of Technology, Pasadena, California; geological sciences; 1967.  
University of Colorado, Boulder, Colorado, astrogeophysics (solar physics) 1964–1965, (no degree).  
B.S., Allegheny College, Meadville, Pennsylvania, physics/mathematics, 1960–1964; magna cum laude with honors in physics; Phi Beta Kappa.
- Academic Interests** Geological physics, nonlinear processes and nonlinear data analysis, stability and sustainability.  
Geological physics interests include:
- planetary sciences;
  - geological fluid dynamics—including geothermal, epithermal, and volcanic environments;
  - solid-state geophysics and mineral thermodynamics;
  - shock wave physics;
  - river hydraulics and river environments;
- Professional Experience** **MacArthur Fellow**, (1995–).
- Co-Founder of Kieffer & Woo, Inc. (Canadian company)**, (1996–2000), a small business for analysis of nonlinear data and prediction of processes; ventures in multidisciplinary, multimedia science and in science education, with Dr. M. L. Woo, Ottawa, and (1998–2000). Continued as S.W. Kieffer Science Consulting Inc. April 23, 2000. Founder of Accessible Science Inc. (U.S.A.).
- Co-Founder and President of The Kieffer Institute for Development of Science-Based Education**, a non-profit Institute based in Arizona for development of curriculum material for at-risk K-12 students. Dissolved December 1999.
- Professor of Geological Sciences** at University of British Columbia (August 1993 – December 1995) and **Head of Geological Sciences** (August 1993 – April 1995).
- Chair, Canadian Geoscience Council (CGC) committee (GAND) to review of Canada’s proposed Concept for Geologic Disposal of High-Level Nuclear Fuel Waste** and to participate in public hearings on this topic (summer, 1996). Officially seconded for 6 months by UBC to the CGC (April 1995 – December 1995).

**Regents' Professor of Geology**, Arizona State University (July 1, 1991 – July 31, 1993).

**Professor of Geology**, Arizona State University (January 3, 1990 – May 31, 1991); also retained title “scientist emeritus” without remuneration with the U.S. Geological Survey.

**Geologist**, U.S. Geological Survey, Flagstaff, Arizona. (July 1979 – September 1990) Promoted to “supergrade” (SP-1305) on July 3, 1988. Leave taken for two teaching experiences:

**Research Professor of Geology**, Arizona State University (January 1 – May 15, 1989).

**Visiting Professor of Geology**, California Institute of Technology (January – March 1982).

**Assistant Professor of Geology**, University of California, Los Angeles (June 1973 – June 1979) with promotion to Associate Professor. From June 1978 – July 1979, on research leave of absence. Geologist, U.S. Geological Survey, Flagstaff, Arizona. Prior to this, post-doctoral fellow at UCLA and California Institute of Technology, directly out of graduate school (see above)

**Awards and Honorary Degrees** **Alfred P. Sloan Foundation Fellowship**, 1977–1979 (award to outstanding young scientist under age of 35).

**Mineralogical Society of America Award**, 1980 (for scientist under age 35 for outstanding contributions to mineralogy).

**W. H. Mendenhall Lecturer (First)**, U.S. Geological Survey, 1980 (annual honorary lectureship to present state-of-the-art science to colleagues and administrators).

**U.S.G.S. Group Achievement Cash Award** as Member of Observation and Monitoring Group, Mt. St. Helens, March 27 – July 31, 1980 (for work before, during, and after the eruptions of Mount St. Helens in the spring on 1980).

**California Institute of Technology, Distinguished Alumnus Award**, 1982 (equivalent to Honorary Ph.D. at other institutions).

**Member, National Academy of Sciences**, 1986–present (approximately 1615 total members; 150 geologists and geophysicists).

**Department of Interior Meritorious Service Award**, April 1987.

**Doctor of Science Honoris Causa (Honorary Doctor of Science)**, Allegheny College, 1987.

**Fellow, American Academy of Arts and Sciences**, 1988 (approximately 3000 Fellows; 163 members in the section 'Earth Sciences and Astronomy').

**Spendiarov Award from the USSR Academy of Sciences**, presented at the 28th International Geologic Congress, 1989 (presented to an outstanding geoscientist in the host country of the International Geologic Congress each four years; for contributions “to our knowledge of the Earth and the Planets and for her prolific research in fields varying from volcanology and planetology to thermodynamics and river hydraulics”).

**Day Medal from the Geological Society of America**, presented October 1992 (for “distinct contributions to geologic knowledge through the application of physics and chemistry to the solution of geologic problems”).

**MacArthur Fellow**, 1995–2000, “in recognition of your accomplishments in geology which demonstrate your originality, creativity, capacity for self-direction, and ability to make a contribution to our lives. Our hope is that the award will provide you with a period of greater freedom from financial and institutional constraints, during which you may devote yourself more fully to your own endeavors. Such a period, we hope, will lead to discoveries or acts on behalf of society that might otherwise not be made.”

**Penrose Medal of the Geological Society of America** to be presented October 2014

**American Philosophical Society** to be inducted spring, 2015

**Who’s Who...**

Who’s Who in America; Who’s Who of American Women; American Men and Women of Science; World Who’s Who of Women; Who’s Who in the West; Dictionary of International Biography; Canadian Who’s Who; International Who’s Who of Professional and Business Women; Who’s Who in the Midwest; Who’s Who in Finance and Business; cited in BCWoman (November 1995)

“Women to Watch” under category “Saving the World” for sense of social responsibility in working on the geological aspects of burying Canada’s high-level nuclear wastes.

**Professional**

American Geophysical Union (member, 1971; Fellow, 1985);  
Geological Society of America (member, 1976; Fellow, 1982);  
Mineralogical Society of America (member, 1976; Fellow, 1981);  
Sigma Xi (member, 1980);  
Meteoritical Society (member, 1971; Fellow, 1986);  
Geological Association of Canada (member, 1994);  
Mineralogical Association of Canada (member, 1994);  
Canadian Geophysical Union (member, 1994);  
Cordilleran Roundup of BC (member, 1995);  
Society of Canadian Women in Science and Technology, SCWIST (member 1994);  
American Association for the Advancement of Science (member 1995; Fellow 2000);  
\*\*Elected Chair of Geology/Geography Section, 2002–2005;  
International Association for Promoting Geoethics, Vice President, 2013-
